WORKSHOP

15 April 2019
Intellectual Property Protection for Artificial Intelligence and Robotics

Date:
15 April 2019

Time:
16:00 - 18:30 CET

Location:
DPMA forum at the
German Patent and Trade Mark Office,
Zweibrückenstr. 12, 80331 München.

Who should attend?
This event will be of interest to anyone with a legal background as well as non-lawyers with a technical interest in robotics and AI.

Topics to be discussed include:
• specific aspects of technical developments (inventions) in the field of artificial intelligence and robotics;
• protection of software-based inventions (patents, utility model, copyright);
• requirements for patenting software-related inventions;
• specific problems arising from inventions in the fields of AI and robotics;
• specific examples of patents in the field of AI and robotics; and
• individual invention capture workshops for enhancing the company value with the right patent strategy.
