International and Interdisciplinary Workshop on

Generative AI and the Law

July 6, 2023

Sarrazinstr. 11-15, 12159 Berlin, Germany
& hybrid (via Zoom)

The workshop is co-organized by RAILS and
the Law Department of the University of Turin, Italy.

The objective of this interdisciplinary workshop is to bring together
experts from the fields of law and computer science to explore
the potential role and impact of Generative AI on law as well as a
broad range of legal and regulatory issues, opportunities and
challenges for policymakers and businesses arising from the
development and deployment of this technology.

Registration:
www.ai-laws.org/generative-ai
